This is what they say
You go to school
So you'll move
Just like the rest

And if I say that I don't wanna feel
If I say that I don't wanna kneel
If I say that I just want to be

Free!

Break free
Don't fear
Look upon tell me what you feel
What you feel
What you see
Yeah,

Bring the fire on
Take a step up
To the underworld
To the underwold

Excuse me mother
I need to go on
Excuse me father
I need to run

Well, I nothing's wrong
Yeah

I'm here to rock and roll!

Never said that I don't wanna feel
And If I say that I don't wanna kneel

Yeah

If I say that I don't wanna feel yeah
Will you still love, love me?
