A million smiles in your face
But no one can change
The pain I felt every time
I looked around unable to find
A place to rest

And what do I get?
Whenever I fail!
It's been a while
Or what a great time
We used to have
Little girl with big eyes
You cursed my life

Love, love
Why go to find?
The truth in those eyes

Faith, Faith
You stayed
But then
She walked down
To the other side

Is it so hard to be
Is it my fate to be
When I was born
My mother loved
The way I smiled
She ran for miles
To keep me alive
Alive
Alive!

Should I love to see?
Should I love to be?
Yeah
A broken heart
With eyes in the rain
And covered in space
I'll never forget
