A thousand dreams  
Every night  
Hope never dies  
Oh never dies

And I know  
I must wait  
â€˜Till the sunset  
â€˜Till the sunset

Yeah

But today  
Iâ€™ll stand

I made a promise  
Love never left me  
At God speed Iâ€™ll move  
Just to make this day  
As I said  
I never left

I never left

Am I doing right or just losing my time?  
Am I going well or just losing my life?  
Will I ever find?  
I donâ€™t know

But today  
Iâ€™ll stand

I made a promise  
Love never left me  
At god speed Iâ€™ll move  
Just to make this day  
As I said  
I never left
