Verse1:

Got a friend in heaven to believe
When I don't know where to go
I take your hand and Im not alone
Got a friend in heaven to believe in
And when my life goes up and down
The spotlights off and no-ones around
Got a friend in heaven to believe in
Your Spirit is there
Is sent for my care
When my tears are falling down

Chorus:

A friend needs a friend
Who will hold on till the end
A friend needs a friend
Who is there to understand
And if I stumble I believe
A friend needs a friend

Verse 2:

And when Im in the secret place
I feel you breath upon my face
Got a fiend I haven to believe in
And when I share my hopes and dreams
I am humbled by your faith in me
Got a friend in heaven to believe in
