My whole life's saving's a two dollar bill
That's why I'm here tonight
I've got time to kill
And I can tell my story about twenty times

With two dollars in the jukebox, one dime at a time
Two dollars in the jukebox, a dime at a time

Play the same old song about
A love gone wrong till closing time
Two dollars oughta do me if you'll buy the wine
And I'll put in the jukebox, a dime at a time

Pardon me mister, mind if I sit down a misery
Likes company and I believe I've found
Somebody just as lonely, don't believe I'm wrong
If you had a place to go to you'd have done been gone

Two dollars in the jukebox, one dime at a time
And I'll put in the jukebox, a dime at a time
