When you found somebody new I thought I never would
Forget you for I thought then I never could
But time has taken all the pain away up to now I'm down
to hurtin' once a day
Once a day all day long and once a night from dusk till
dawn
The only time I wish you weren't gone is once a day
every day all day long
[steel]
I'm so glad that I'm not like a girl I knew one time
She lost the one she loved then slowly lost her mind
She sat around and cried her life away lucky me I'm
only crying once a day
Once a day all day long...
Once a day every day all day long
