"Outsider"

Looking down, the crowd's in rage
The show is over, history is made
Thrown aside, out of grace
The sin of centuries wrote that page
Hear their breathing footsteps come
The earth is shaking while they run
Father's eyes turned aside
One death for peace on earth world wide

Outsider he was called and labelled
Not a showman but God enabled
Outsider brought lies to light
He is the voice of the poor destroyer of pride
Outsider HISTORY began
The way he came across changed a land
Outsider Saviour, Christ, Fighter
Destiny's Child a born Outsider

Born to give born to die
A nation's hope crucified
The billions' curse dumped the one
The earth resounded ? it is done!

Outsider! I will always trust in you
Outsider! I'll follow you
Outsider! You take me through
Outsider! I believe in you
