So pump up the party in the name of G.sus
yo let me tell ya a little story
about my life you don't have to worry
hey G.sus you are still alright
created the stars for us tonight
that's right, you gave me reason to live
won the fight that I couldn't win
to forgive my sins
my destiny is manifest, 'cause it's true
I only wanna be with you

Chorus:

I've never loved somebody like you
I've never loved somebody like you
na na na na na na na na na
I love you
na na na na na na na na na
and that's true

party on party on let me hear some noise
so here we are again and again
celebrating together this happy end
you've got to know what you've got to do
'cause this song is written just for you
that's true so wave your hands in the air (aya)
swing them round like ya just don't care (caya)
sing with me this little song, come on
in G.sus' name get this party going on

break it down

- Chorus
