Bad Newz Souljah, General, purpose  
Being a wordsmith  
To show you Iâ'm the worst at  
Letting these words spit  
Rapid fire  
For rappers I am  
Rap's Messiah  
Won't stop rockin til I retire  
Or tire  
Of showing you dudes the business  
This is the difference  
From a distance  
Iâ'm light years ahead of you, you knew if you listened  
List this  
As one of the great appearances  
Appearing  
In the flesh and bone spirit  
Space homie give it  
You are not worthy to stand near this greatness  
I made this  
For corner stores  
Mothers that's on their porch  
Braiding their daughters hair  
The block, the war everywhere  
Battles breakout like faces during puberty  
Brothers catch cases, play they cards and get  
immunity  
New state, new location, they cook  
New cake, new money, old crime, they stay crook  
Iâ'm the soundscape to every downtown patriot  
Poised for greatness  
Destined to make it  
Lessons are laced in  
Every line Iâ'm spittin  
There's truth in every rhyme Iâ'm givin  
In the booth the mind shines wit  
Precise precision  
My life I live it  
Iâ'm the sacrificial veal  
In the field  
Of dreams  
No longer trying to hear the screams

Iâ'm bigger than  
Battle raps and belittling  
The fairer sex  
You gotta right to have some type of fear of him  
Here it is  
Iâ'm live and direct  
You punks ainâ't paid your dues, Iâ'm here to collect  
What the fuck yall got on my pockets huh?
