Hazard of mutant dreams  
Terror and catastrophe  
Hades in burning grounds  
Cataclysms and firestorms, eliminate the gods  
Serpent of holy death  
Mother of unholiness  
Caesar in the abyss  
Darkness moves around, daylight dies beyond  
Hazard  
Terror  
Hades  
Chaos  
Serpent  
Mother  
King  
Doom

Dominion in pain, Stillborn in vain  
Cursed to decay, Meant to obey  
Nights welcome, Sun goes down  
Clouds still breathe, I dominate

My life is lost into sand's empire  
Death hates me  
Born Underground

Now days burn black  
The age of the never-born  
Still dies white  
The nation of the sun  
Father  
Why did you leave me alone?  
Buried alive  
Born in a grave

Killing god's minions  
Living in earth's dominion  
Graveyard's imprisoned souls  
Told to be free, meant to believe  
Churches burning down  
Haters coming for  
Priests who never pray

Burn them down, burn their crowd  
Kill  
Live  
Believe  
Take me away  
Churches  
Hatred  
Pray  
Burn

Dominion in pain, Stillborn in vain  
Cursed to decay, Meant to obey  
Nights welcome, Sun goes down  
Clouds still breathe, I dominate

Silence sucking my blood  
Darkness is filling my fever  
Gods are holding me down  
The coffin still bleeds

Gods are holding me  
Silence draining me  
My coffin bleeds  
Darkness is filling my fever

And now minions, burn in hell cause  
When sky falls down, it's my time to rise!

Death was awake in the burning air, now I feel  
Now stars fell down, it's my time to rise

Your god paid!
