Looks like you're running on empty,
But your tank is full
Fire those pistons up
Don't play dumb with me
Not confined to one option,
Why be headstrong?
Prevent your misery
And it takes a second glance sometimes
Perseverance can't play the role

Eradicate this for me,
A dose of commentary
In seven hundred ways
You're all wrong
You can't embed this safely,
Effected lives now are three
Now apprehension seems
Your problem

It's all about adoration,
Was your check list long?
Looks like you missed a few,
Father forgive me
Confess to the baby
All the sins you've made
The mother shouldn't be
So your faith insists that it's alright
Raising Christian's at seventeen

Eradicate this for me,
A dose of commentary
In seven hundred ways
You're all wrong
You can't embed this safely,
Effected lives now are three
Now apprehension seems
Your problem

Couldn't you be considerate?
How does it feel to play the fool?
How could you be so obstinate?
This isn't the phase you go through

Couldn't you be considerate?
Eradicate this for me,
A dose of commentary
Couldn't you be considerate?
How does it feel to play the fool?
You can't embed this safely,
Effected lives now are three
How could you be so obstinate?
This isn't the phase you go through

Eradicate this for me,
A dose of commentary
In seven hundred ways
You're all wrong

Eradicate this for me,
(How does it feel)
A dose of commentary
(To play the fool?)
In seven hundred ways
(Couldn't you be considerate)
You're all wrong
(How does it feel?)
(How does it feel?)
You can't embed this safely,
(How can you be so obstinate?)
Effected lives now are three
In seven hundred ways
(This isn't a phase you go through)
You're all wrong

Eradicate this for me
(Couldn't you be considerate?)
A dose of commentary
(How does it feel to play the fool?)
In seven hundred ways
(How could you be?)
(How could you be?)
You're all wrong
