Precious thing one i have
Is your smile i fell every day
my hearts beating fast like race
its you where my calm heart
stay....
My heart is li'll kid
stuck in u forgot to get rid
its freaky sometimes
without u i'd rather bleed....
My heart is weak & fragile
you'r my only sunny ray
you cant break down my dawn
cuz its u where my safe heart
stay.....
My eyes hurt to see
any wound on your body
i feel to blow the world
when ur heart cries painfully.....
Many heart i've seen tough
but hard knives stopped their play
my heart's soft & still wid u
cuz i know here my soft heart
stay...heart stay...heart stay...:-)
