Tell me mirror  
My only faithful friend  
I know that youâ€™ve been lonely  
But I have come for you again

I ask of you a question  
That I still fail to comprehend  
What life has got in store for me  
What lies around the bend

Procrastination  
Itâ€™s keeping me awake

Donâ€™t know where Iâ€™m meant to go  
Or which road Iâ€™m meant to follow  
Tell me what Iâ€™m meant to know  
Oh wonâ€™t you help me out

This brief indecision  
It brings me to my knees  
As I try to envision  
Just what this world could want from me  
And Iâ€™m hanging by a thread  
On to the shadow of the dream  
It leaves me weak

Tell me secrets  
And we can just pretend  
That Iâ€™ve turned this life around  
That Iâ€™ll try to make amends

Oh wonâ€™t you give me answers  
Can you simply recommend  
Propose to me an answer  
To the questions I exempt

Procrastination  
Itâ€™s keeping me awake

Donâ€™t know where Iâ€™m meant to go  
Or which road Iâ€™m meant to follow  
Tell me what Iâ€™m meant to know

Won't you help me out

This brief indecision  
It brings me to my knees  
As I try to envision  
Just what this world could want from me  
And I'm hanging by a thread  
On to the shadow of the dream  
It leaves me weak

Knees weak with indecision  
As I struggle to decide  
I can't shake this repetition  
Helpless burning deep inside  
But then I realised  
That there's no need to try

Don't know where I'm meant to go  
Or which road I'm meant to follow  
Tell me what I'm meant to know  
Won't you help me out

This brief indecision  
It brings me to my knees  
As I try to envision  
Just what this world could want from me  
And I'm hanging by a thread  
Onto the shadow of the dream  
It leaves me weak
