Goodbyes are never easy, goodbyes never tire
Making me feel guilty, being dragged through time
You were standing in my doorway as the seconds
raced the snails
Because you wouldn't let me leave you, without driving
those last few nails
I guess that's how it works here

But Heaven holds a promise for every friend we've left
behind
Time is not the ruler that I thought he was
Someday soon we'll wake up, wake to see each other
running
Arms open, all is forgiven when Heaven heals

It's been a few weeks since that message that I left to
feed the lie
That communication's open when we both know that it's
died
I wish that were the nobler thing

But Heaven holds a promise for every friend we've left
behind
And time is not the ruler that I thought he was
And someday soon we'll wake up, wake to see each
other running
Arms open, all is forgiven when Heaven heals, Heaven
heals

It cannot be right just to leave you
God it's just too hard to stick around
Maybe herein lies the place where grace starts
That when we're both lost then God is found, God is
found

But Heaven holds a promise for every friend we've left
behind
And time is not the ruler that I thought he was
Someday soon we'll wake up, wake to see each other
running
Arms open, all is forgiven, arms open, all is forgiven
Arms open, all is forgiven when Heaven heals, Heaven

heals, Heaven heals
Oh when Heaven heals, that's right yeah
