One, two, three

Let me get your door, let's go for a drive and see what
we can find

Look out your window at this big sad world, don't let go
of my hand

'Cause it feels better when you're close

And we're driving with Romeo on the radio

And we're driving with Juliet on the radio

And we're praying

That we'll both know if it's right but let's enjoy

Every moment for its time

And we're driving with Romeo on the radio

And we're driving with Juliet on the radio

And it's hard to love, we're learning

But it's worth all that it costs

And we don't know where we're going but we just love
getting lost

And we're driving with Romeo on the radio

And we're driving with Juliet on the radio

I love to see you smile, I love to see you smile
