"Brand New Day"

It's a brand new day, in a broken world,
There's a hidden stain, that we can't ignore
It's the weight of our mistakes, that's in all of us
But there's a better way, if we can learn to love
But now faith is rising, hope to finally break free

This is our time, this is our time
To make a new tomorrow
This is our call, this is our call
Can you hear the sound of change
Kick down doors, tear down walls, bring light to the shadows
It's our way out can't turn back now
We'll never be the same, it's a brand new day

Are you shaken by the sound, of a child in need
So what you waiting for now, it's in everyone that you meet
Now faith is rising hope to finally break free

This is our time, this is our time
To make a new tomorrow
This is our call, this is our call
Can you hear the sound of change
Kick down doors, tear down walls, bring light to the shadows
It's our way out can't turn back now
We'll never be the same, it's a brand new day

Will you join me in the streets, living out what you believe,
Cause it's who you're meant to be
Will you love a broken world, til the people are restored
And His truth is reigning

This is our time, this is our time
To make a new tomorrow
This is our call, this is our call
Can you hear the sound of change

This is our time, this is our time

To make a new tomorrow
This is our call, this is our call
Can you hear the sound of change
Kick down doors, tear down walls, bring light to the
shadows
It's our way out can't turn back now
We'll never be the same, it's a brand new day
