Some say love is giving without an end
I say that's a pretty good place to begin
Some say it's a cigarette burning thin
Here and gone like ashes to the wind

So hold me close
Say goodbye
Break my heart
Save my life
Leave me when the morning comes

I just want to feel something beautiful so I can heal
I just want to feel something terrible, something real
I just want to feel.

Spin me round like a beat up 45
Stumblin' blindly down this road that we call life
Love seems like a perfect place to hide
Till it goes and leaves you high and dry

So tear me up
Burn me down
Change my mind
Turn around
And hold me when the morning comes

I just want to feel alone so I can feel alive
So leave me in the cold and let me die inside
I just want to feel.

Some say love is a perfect place to hide.
