The view from the bottom of the well
Down here it's cold as hell, it's true
I left my best ones on the shelf
So this old pair will have to do.
They always seem to get me through

I'm gonna make these shoes
Take me far away from you

I spent weeks just thinking about the way
We fell apart right at the seams
We came to be worn in
And wearing out
The best has already come for you and me
Finally it's clear enough to see

I'm gonna make these shoes
Take me far away from you

If I have to scream it out
To get these words out of my mouth, I will
My days spent waiting 'round
Are over, gone, and done for now
What's through is through
Like you said, it's time for something new.

I'm gonna make these shoes
Take me far away from you

If I have to scream it out
To get these words out of my mouth, I will
My days spent waiting 'round
Are over, gone, and done for now
What's through is through
Like you said, it's time for something new.

I'm letting go of you
If it's the last thing that I do.
