So here we are my dear, so far from home  
I'd wish I'd known it was you I'd be on this desolate  
island with  
What I'd have done, to make sure in your mind  
I'd be the man that could make your life worth living in

I can't believe it's him she thinks, as she stands from  
the wreckage, heart nearly sinks  
He's got the eyes, the size, strong and true - I wish I'd  
known it was gonna be you  
I would've worn something, or nothing, I guess we'll  
see how the night goes thru

#### CHORUS

And we try to find the feeling we see  
The struggle time has on our company  
It's a matter of life or death you see  
How can one here here raise a family

Ever played the game where you pick one girl, and say  
her name?  
Well it was yours that came off my lips, as I gazed at  
your hips  
Into your eyes disguised by a feeling that said it was  
you I'd be with, it was you I'd be with

It's like a dream vacation, with no preparation, crash  
landing landed  
Fate had the two of us two in mind, now we're  
stranded, stranded  
Fall in love, or fall part, no way around it as we ready  
for the dark  
Fall in love, or fall part, you take my hand, and the  
butterflies start

#### CHORUS

#### OUTRO

Does the island have time for a tie on me?  
Do I have time to tie up on the island?  
(repeat)
