Now freeze babe, get on your knees babe, ever heard  
of the birds and the bee's made?  
Honey, the money honey make the man come round,  
bringing home the bacon for that sizzling sound  
Sound bites and the baby do too, I bet he got his  
cattiness from you  
Cuz I supply the eye of the tiger, two sparks collide,  
now all I see is fire  
Fire, fire everywhere! Stop drop and roll a spliff so we  
can share  
The ramblings of a curious mind, laugh at cartoons  
and slow down time  
Cuz I know something that you don't know, through the  
struggle I can show  
And make you understand, what it is to be your man X2

Cuz I can barely see you, everything I know is blue  
It's like I'm breathing underwater, and I'm trying to get  
through  
Like fighting against the ocean, trying to get my life in  
motion  
It's like breathing underwater, when I'm drowning  
down, into the ocean with you

Now please babe, oh pretty please babe, can we  
reschedule our fight so it can be played  
Out before my buddies like the UFC, I'll be Randy you  
can be GSP  
We'll sell tickets be a nightly event, might as well profit  
since the love's been spent  
Takedown after taking down my guard, no weapon in  
your hand but you still stabbed my heart  
2,4,6 it's a TKO - 3,6,9 you can't make me go  
Cuz I don't care bout the supermodels, I'd rather the  
real thing  
I can barely think. Is this a dream or real life?  
I'm wishig for kisses to float me through the night  
But I'm drowning, and no one ever seems to care  
Every night becomes a nightmare  
Every night becomes a nightmare  
Every night becomes a nightmare  
I can barely breathe

Cuz I can barely see you, everything I know is blue  
Like I'm breathing underwater, and I'm trying to get  
through  
It's like fighting against the ocean, trying to get my life  
in motion  
It's like breathing underwater, when I'm drowning  
down, into the ocean with you
