You broke my heartâ€”  
Had to mend it backâ€”  
Got tears in my jeans and dust on my cap  
â€”Got the lines of age sketched in my face  
â€”Never thought I'd finish last in the first place

â€”â€”I wish this life, had come with a set of  
instructionsâ€”  
There's no, help button, delete, control or function  
â€”If I lose my way, I fear I won't be foundâ€”  
Can't afford no gps, I'm just hitchhike bound

You broke my heartâ€”  
Had to mend it backâ€”  
Got tears in my jeans and dust on my cap  
â€”Got the lines of age sketched in my face  
â€”Never thought I'd finish last in the first place

When you all alone, watching the red lights pass  
â€”It gives you time to move forward while reflecting  
on the past  
â€”But then the darkness hit, and the cold surrounds  
Got a hand me down life this time around

But I keep moving, never turning to the past  
If you leave the race first, you won't end up last  
So tell me please, let's just turn this all around  
I got a heart full of gold, but no well to be found

You broke my heartâ€”  
Had to mend it backâ€”  
Got tears in my jeans and dust on my cap  
â€”Got the lines of age sketched in my face  
â€”Never thought I'd finish last in the first place  
â€”  
Just in that moment, of mucho self doubtâ€”  
A pickup pulled in front of me and an angel hopped out  
She had those cowgirl boots on, and a pair of daisy  
dukes  
Wish I'd have called that pocket, it's a cold hard  
flukeâ€”  
But I roll with the punches, life gave me lemonaid

Leaving the sweet taste of victory, my last place starts  
to fade  
â€œShe asks where are you headed, where do you want  
go  
â€œWe lock eyes, and all I could think of to say  
was...Mexicoâ€œ

Sounds like fun, mind if i come?  
â€œLooks like the last place finisher finally won  
Sounds like fun, mind if i come?â€œ  
Looks like the last place finisher finally wonâ€œ
