I donâ€™t know you, but I can see myself in your eyes  
I donâ€™t know you, youâ€™re my diamond in  
disguise  
Should I be with you? Bliss might not be that far  
Should I be with you? Every angel needs a scar

### CHORUS

But I donâ€™t wanna stop, flop, hop, drop  
Down to the level where I find that youâ€™re the devil  
If you stay spotless in my dog of a mind  
Then you stay forever, as an unflawed design

You can see me, trying to act all fly  
You can read me, and you know deep down that  
Iâ€™m shy  
And that scares me, that Iâ€™m a beast drawn to  
affection  
You just caught me staring in your direction

### CHORUS

So I watch you, keeping you in my sights  
I could play this game, with the likes of you all night  
All night (repeat)

Thereâ€™s a crazy little game called lust  
Its far from love but darling its so close to us  
I can feel it climbing I can feel the climax  
I need your body or mine wonâ€™t relax

Cuz Iâ€™ve seen the world, kissed the girl  
Rolling my eyes at the thought of love  
Something so special, something so sweet  
You spend your lifetime trying to meet  
The girl with the eyes, the girl with the thighs  
And everything in between  
Well lets get real, no lets get fresh  
You want to feast your eyes on the flesh, on the flesh ,  
on the flesh

All night, all night  
Iâ€™m Mr. Right

I'm Mr. Right for you all night

CHORUS
