When my body lived all alone
Sheâ€™s maiden eyes and heart will love

Lost between the sea and the sky
An angel love ainâ€™t hard to find

She floats in all our bodies asleep in their graves
Dancing in the moonlight glow
(I canâ€™t give her / Save me from him)
Her memories, all in vain
Walk and make it to safety
She leaves the ones that wonâ€™t let her go
(I canâ€™t give her / Save me from him)

I always hear her voice when she calls
Getting by her tears as they fall
She loves everything and nothing at all

Why does this girl live in my dream?
My happy adventures over sea
(I canâ€™t give her / Save me from him)
Whatâ€™s between her moon and her sun?
What am I supposed to do?
(I canâ€™t give her / Save me from him)

She floats in all our bodies left cold in their graves
(Save me from him)
Rocking in the moonlight glow
(Save me from him)
Out memories died in vain will remain, wonâ€™t be
saved
(Save me from him)
She forgot of us long ago
(Save me from him)

I always hear her voice when she calls
Getting by her tears as they fall
She loves everything and nothing at all

Thrown upon my heart
Taking all the love out
Thrown upon my heart

Taking all the love out
Taking all the love out

I always hear her voice when she calls
Getting by her tears as they fall
She loves everything and nothing at all
(Taking all the love out)
