Swaying in the storm of your words  
Building empty streets in your world  
Driving through the most painful hurt  
Looking for some hope on your jokes

I use to make fun of my own life  
They use to talk about what I hide  
The glorious moment of us in light  
I die...

Dying I'm dying in the thoughts  
Dying I'm dying more and more  
Dying I'm dying for this love  
Dying I'm dying with this hurt

The flowers cover my pale face  
The sadness shows them the state of grace  
A boy who died for the love in life  
A boy who discovered his own bright sights

I walk in the fog I see a strange character  
I meet the unique death taking my life's nectar  
I cannot surrender of what I've chose  
I gave you my love losing my self-love

I'm dying  
I'm going  
I'm fading  
And I left behind nothing but an appreciation of loving  
you  
I'm dying

Dying I'm dying in the thoughts  
Dying I'm dying more and more  
Dying I'm dying for this love  
Dying I'm dying with this hurt

Dying I'm dying in the thoughts  
Dying I'm dying more and more  
Dying I'm dying for this love  
Dying I'm dying with this hurt

(Boybs " Speech)  
Here is wild and clear  
I lost the key of my own destiny  
But I still remember the bars we used to walk in  
For the very first time I feel free  
Free with the new friend"cold and empty  
I'm dead
