Once upon a time there was a dragon (a dragon)  
He lived by himself in a cave called  
The Dragon Zone  
He liked to dance 'til he made his tail shake  
And breathe fire just to bake a cake  
But he wished that he didn't have to do it all alone  
He would show everybody how he moved his old  
dragon  
Bones

Well there was one young girl named Calico  
She brought all her friends to  
The Dragon Zone  
They said, Why mighty dragon, are you all alone?  
We could learn to do what the dragons do  
Come on let's go!

So he looked at them, and he said  
Can you do the ragon?  
And they looked right back  
We can do the Dragon  
Can you do the Dragon?  
We can do the Dragon  
Well if you want to do the Dragon  
1-2-3-4 Ha! Here we go!

I've got a tail that swings  
I flap my dragon's wings  
I've got spiky and long sharp nails  
There's a fire in my mouth  
And a big red tongue  
So you'd better watch out  
'Cause here I come!

Can you do The Dragon...  
We've got tails that swing...  
That was good! Said the dragon,  
Let's do some more

You take one step up and you give 'em a look  
You take one step back it's in

The Dragon Book  
And then you gump-2-3 and then you bend down on  
your  
Knees  
And you float away on a Dragon Breeze

Can you do The Dragon...  
We take one step up...

We can do The Dragon...  
We've got tails...  
We take one step up...  
We can do The Dragon...
