nobody knows the trouble i've seen
nobody knows but me
wherever i go it's harder to breath
nobody knows but me
shooting the shit
thinking you're it
charm of the bit
throwing the a fit
everybody's one and only
does anybody care about anything, anyhow
everybody's acting like a zombie
i got a rock in my pocket
gonna break this glass
gonna cut myself loose
from the upper class
cause it's a semi charmed life
with a box of booze
and everything
my momma and my daddy
give me apprehension
and i found that in my body
there's just so much tension
i can get myself together
till the things go smooth
like, vaseline...
vaseline
nobody knows what love means to me
nobody knows but me
wherever i go i'm built at ease
nobody knows but me
faking a smile
living the now
ready to die
always on trial
everybody's lost and lonely
does anybody care about anything, anyhow
everybody's acting like a zombie
i got a rock in my pocket
gonna break this glass
gonna cut myself loose
from the upper class
cause it's a semi charmed life

with a box of booze
for everyday
my momma and my daddy
give me apprehension
and i found that in my body
there's just so much tension
i can get myself together
till the things go smooth
like, vaseline...
vaseline
la dee dee da
la dee dee da
la dee dee da
la dee dee da
everybody's lost and lonely
la dee dee da
la dee dee da
la dee dee da
la dee dee da
everybody's walking like a zombie

i got a rock in my pocket
gonna break this glass
gonna cut myself loose
from the upper class
cause it's a semi charmed life
and a box of booze
for everyday
my momma and my daddy
gives me apprehension
and i found that in my body
there's just so much tension
i can get myself together
till the things go smooth
like, things go smooth
like, things go smooth
like, vaseline
