#### Chorus

You must be psycho (psycho) if you think that you can  
play your mind games with me  
baby You must be psycho (psycho) theres nothing you  
can hide that my eyes wont see  
Girl you must be crazy out your mind or simply mental  
if you think that i wont catch you in a lie (psycho) x2

#### Verse 1

started  
Before i was broken hearted  
You said that you loved youll hardest  
what you said and then departed  
Didnt think much so i disregarded  
You always leaving  
late evenings  
i aint no sucka when it comes to cheatin  
now please I know the game  
you In your phonebook change the name  
in your cellphone  
from a guy to a girl  
Never think nothin when he text you first  
never have your phone charged  
When when out the crib and up at the bar  
With your girlfriends  
for certain  
late nights sayin you workin  
Before i know  
Change your clothes  
soon as minute you finally get home  
no kissin  
no huggin  
no late night freaky lovin  
No passion  
Just actin  
tired from what happen  
smell it  
On your velvet  
sayin at the club they touched it  
Cuz its crowded

but i doubt it  
so baby you really must be

### Chorus

You must be psycho (psycho) if you think that you can  
play your mind games with me  
baby You must be psycho (psycho) theres nothing you  
can hide that my eyes wont see  
Girl you must be crazy out your mind or simply mental  
if you think that i wont catch you in a lie (psycho) x2

### Verse 2

I thought that love was forever  
Through any sort of weather  
But it seems its not true  
And I know just what I gotta do  
Didn't know it would be so hard  
Cuz I let down all my guards  
Never used to be like this  
Get caught cuz reminisce  
Yeah you guessed it  
But you disrespected  
Now you talking reckless  
its really twisted  
nerve you flip it  
like its me who did it  
Guilty conscious  
got you watchin  
all my movements  
think ill do it  
Back to you  
now look at you  
Say you got more than a reason or 2  
to snoop around  
and nothings found  
Except you more guilty now  
Explain to me its that just your past  
the reason why you even spazzed  
past relationships youve had  
How your exs did you bad  
the reason why you even act now baby you must be

### Interlude

You must be out your mind  
To think i pass the time  
Thinkin you loving me when your not only mine  
Im not so concerned bout who you layin with  
It's like you constipated how your so full of it

But let the tables turn  
The only way you'll learn  
cuz when you play with fire baby you bound to burn  
thought i was addicted it i wanted more of it  
thinking i would fall for it baby you really must be

#### Chorus

You must be psycho (psycho) if you think that you can  
play your mind games with me  
baby You must be psycho (psycho) theres nothing you  
can hide that my eyes wont see  
Girl you must be crazy out your mind or simply mental  
if you think that i wont catch you in a lie (psycho) x2
