Re doing my ammunition to my spot

You know the skills is mastered  
Im on point and flow water like a cactus  
So just evade me like celebrities taxes  
Cuz im sicker than epidemic  
No cure by any medic  
Too many rappers are fake like prosthetics  
Let me correct it  
Now check it  
a young adolescent  
always stressin  
From the pickin and teasing  
But he always believed in  
writing thats where his heart will bleed when  
Reality hes leaving  
express his true feelings  
when rhyiming with the reason  
they said i couldnt  
I wouldnt be doing this  
Saying I shouldnt  
Be looking to be the truest but im

but like a school in down south you can get steppin  
Dont care what city you reppin

To retire rappers like they sittin on a pension

I never planned to be famous  
I only had a dollar and a dream i chose chase it  
Adversity  
Is something that has certainly  
occurred to me  
Only if you let the haters under skin like surgery  
Buti dont feel it like im under Anastasia  
Until the day you make it and they catchin amnesia  
Like they never said it  
Everybody go regret it  
Cuz im like a time bomb homey when i go and set it

## Chorus

Im gunna rise till i get to the top

## Verse 3

hard to see immediate results  
walking on a tight rope  
Feeling like lebron on the wing the way iso  
late Anybody bringin hate  
But never to my face  
and i got your girl hooked on the meat like its fishing  
bait  
So better cover girl make up  
I take up  
any opposition with anyone of my writtens  
and it came from writting poetry  
Nobody ever close me  
So i started focusing on the vision and the road to be  
One of best  
Never the less  
Bringing to chest  
As I stay in more trees then a birds nest  
Ya heard this

Hotter than furnace

any day so what out x2
