I met a girl one night I don't remember
But we were up til 4am
At some point I think she took my number
I don't recall if I gave a damn

Oh baby listen, not for long she never called me
Then she she led me to her home
Seems a girl like you would get to know me
Guess I should have known right from the start

Why won't you walk the walk
You took the time to knock
You leave me here you
Drive Me Crazy

I'm begging on my knees
Oh darling won't you please
That girl just drives me crazy.

I left her house with a puzzled look upon me
Couldn't figure out where I went wrong
All the pieces in place yet I'm still lonely
She made me go to bed alone

Why won't you walk the walk
You took the time to knock
You leave me here you
Drive Me Crazy

I'm begging on my knees
Oh darling won't you please
That girl just drives me crazy.
