The night is young now my liver don't you leave me
The sun is down underground it relieves me
It's risky

Across the room here she comes just to see me
Pretty lady bites her lip just tease me
So risky

I'm just your average guy
But that lady looks so fine
My eyes they seem to lie
But I don't, no I don't, no I don't know why

An hour later this lady gonna free me
Something tells me that she's not gonna leave me
I have another drink, I carry on
It's risky

She grabs my hand and she leads me up the stairs now
Bartenders eyes tell me I should be scared now
Should I care if it's right or wrong?
It's risky

I'm just your average guy
But that lady looks so fine
My eyes they seem to lie
But I don't, no I don't, no I don't know why

I wake with clearing eyes
And that lady don't look fine
What did I do last night
But I don't, no I don't, no I don't know why

I don't know why, I don't know why
I don't know why, I don't know
I don't know why, I don't know why

I'm just your average guy
But that lady looked so fine
My eyes they must have lied
But I don't, no I don't why
