#### "01. Day Zero

Waiting to be born again, waiting to see the light  
Hoping to feel free again, trying to sleep the night  
Last days are here to stay, last times last forever  
Time so eternal stands, minute's like a day

[-chorus-]

Wait for to see the day  
Day zero  
In the end of the way  
It hurts so

hurts to know  
to feel the flow  
dreaming of better times, stars in the open skies  
sleep the night away  
frozen world soon collides, with the echoes in my mind  
drink the night away

[solo: Kride]

[solo: Pete]

[-chorus-]

Wait for to see the day  
Day zero  
In the end of the way  
It hurts so

#### 02. YDKS

You judge, you know better, you think that you are  
something more,  
I know you're something less.  
You say, you are better, you think that you are so much  
more,  
I know you're so much shit  
Every day, it goes further, you're loosing everything  
there's left, and that  
ain't much.  
Anyway it's wrong, anyway it's bad, anyway so sad that

this is where we've  
come

So sad, so real  
No way, to feel

[-chorus-]  
you don't know  
you don't know  
you don't know shit

[solo: Pete]  
[solo: Kride]

### 03. Hellhole

My life is hell and im living in a hole of my own  
No way out,im going insane,there's no way out  
This hole is killing my hope of life,and everything  
seems so senseless,fuck this life,its worthless to live  
In a hole

I dont want to live to this life anymore,i want more  
Pain and agony,sorrow and grief, till i bleed  
Touch of death is coming for me, and im ready  
i'll die in my hole and i just fucking love it

[-chorus-]  
Hellhole,that's the place i want to be,all alone  
Hellhole,is my home and im not gonna leave  
Hellhole,it's only for me  
Hellhole,my hell's my heaven my everything

[Solo: Kride]  
[Solo: Pete]

### 04. Thorn

In my eyes I despise your twisted life  
Something controlling your fucked up mind?  
Just a thought of you with your twisted little smile  
Stings me like a thorn in my spine

You told me sacred lies  
Through your twisted little eyes  
you're sick!sick!  
You're a twisted little star  
You're a sick motherfucker and a fucking cocksucker  
Just dwelling in the dark

[-chorus-]

Thorn in my spine  
That's all you are  
Thorn in my spine  
That's what you are

I can't stand the sight of you  
I can't stand what you put me through  
You're a twisted little fuck!  
You're life a lie that you hide  
Is it that terrible being you inside?

[Solo: Tuomas]

#### 05. Chasm (Remix)

Surrounding endless darkness  
Screaming echoing silence  
Embraced by shadows  
They tear me apart  
I'm nothing, that's all I am  
I dwell in me, in the core of my agony

Within myself, think I'm lost again  
Feels like I'm fading away  
Close my eyes, a sudden change into a state  
Where life is dust and everything flows  
Circling above around  
Something grabs me, pulling me down, I'm falling

Falling further down, falling down, down in black  
Falling further down, no way out, no way back

[Solo: Lindroos]

[Solo: Ranta]
