One morning I woke up,  
realised I've been betrayed  
shadows of yesterday  
fill my mind as I drift away  
no matter what's ahead.  
I'll face the death  
I'll find my hate  
this twisted fate I have  
shall lead the way  
and make you brake

One night I went to die,  
deceived again,  
I was ready to fly  
thousand blades waiting for me,  
so fuck you all,  
I was meant to be free  
my hate was cheating me,  
is this the path,  
I cannot see  
too many bridges burned,  
can't you see I am the traitor

[chorus]  
would you die for my hate now  
burning in my eyes,  
burning me inside.  
I guess I now have to cut you

while lying by your side,  
I'm out of my mind  
[chorus]

[solo: P.Lindroos]

this time the conspiracy,  
in your mind went out of line  
no more forgiving,  
close your eyes  
I'll help you to die  
in the night I am beside you,  
weird voices in my mind

you're asleep and I love you,  
but more than thousand times I cut you

[chorus]  
would you die for my hate now  
burning in my eyes,  
burning me inside  
I guess I now have to cut you  
while lying by your side,  
I'm out of my mind!  
[chorus]

that night I took your life  
and now this traitor dies  
and so he died...
