Who's she
Blowing kisses from the Catwalk
Tell me
I really gotta - know!

Since when
Did you need an other girlfriend?
Since when?
I really gotta - know!
I really gotta - know!

She's been fakin' since day one
A friendly kiss includes no tongue
Who's she - tell me
Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know - who's that Bimbo?

Who's she
Looking goofy in a Gucci-dress?
What's that?
I really gotta - know!

Which bone
In her body should I break first?
Which one?
The Bimbo's gotta - go!
The Bimbo's gotta - go!

She's been fakin' since day one
A friendly kiss includes no tongue
Who's she - tell me
Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know - who's that Bimbo?

I know it's sad
Sometimes I just loose my head
Boy I am getting so mad

I know it's sad

Sometimes I just loose my head

I know it's sad
Sometimes I just loose my head
Boy I am getting so mad

I know it's sad
Sometimes I just loose my head

(Who's that Bimbo?)

She's been fakin' since day one
A friendly kiss includes no tongue
Who's she - tell me
Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know...

She's been fakin' since day one
A friendly kiss includes no tongue
Who's she - tell me
Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know...

Now she's sleeping in my bed
Oh God, I wish that she was dead
I need to know - who's that Bimbo?
