

## Norther "Darkest Time"

Visit "[Darkest Time](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Once there was a time  
darker than the human mind  
the old man told me  
If there was a light  
it cried a while before it died  
it died away

That night he told me  
of the darkest time  
With his own eyes he had  
witnessed this crime

Once there was a place  
before it was a realm of grace  
not far from here  
Ruined, raped and murdered  
sunken deep to dark despair

Sky covered in  
glowing clouds  
Lasting night and winter  
fatal atmosphere

chorus:  
Misery

Is there no end to this tragedy  
How many tears  
This darkest time  
laughs at divinity  
This darkest time  
laughs at your fears

chorus

Once ther was a war  
of a kind never seen before  
poor stupid mankind  
Brother killing brother  
rulers crying out for more  
always more

From distant swords  
lands wet with blood  
Games of slaughter  
death the only goal
