(As I look up to heaven)
As I look up to heaven,
Stars and moon stare at me
And my eyes drown in tears

Oh how I hate the silence in here,
Only coldness lies beside me

How long do I've to wait for you
Why can't you be here,
I'm so cold when I'm alone
Why can't you be here,
Forever and ever

I close my eyes and wish to dream
But no dream will come to me

I close my eyes and wish to dream
But no dream will come to me
When will you be here

Silence is growing louder,
Covering my beating heart
And the night is getting colder

Still I'm here, without you
Still I'm here, all alone,
Forever I'll be here waiting for you

Why can't you be here,
I'm so cold when I'm alone
Why can't you be here,
Forever and ever

I close my eyes and wish to dream
But no dream will come to me
When will you be here

I close my eyes and wish to dream
But no dream will come to me
And still I wait

I close my eyes and wish to dream
(But no dream will come to me)
I close my eyes and wish to dream
(But no dream will come to me)
I close my eyes and wish to dream
(But no dream will come to me)
