We were together as one  
All that we had can't be undone  
Our love fading, now it's gone  
Our time fading, so it's done

The blood that binds us  
(It's the blood that binds us)  
Till death unites us

Alone we die, my frozen Angel  
Alone we fade away from this world  
Alone you die, my frozen Angel  
Alone you fade away, from this world

We were together as one,  
All that we had can't be undone  
Our love fading, the feeling is gone  
Our time ending, now it's done

Alone we die, my frozen Angel  
Alone we fade away from this world  
Alone you die, my frozen Angel  
Alone you fade away, from this world

[Solo K. Ranta & T. Planman]

Alone we die, my frozen Angel  
Alone we fade away from this world  
Alone you die, my frozen Angel  
Alone you fade away, from this world

Nothing I do, nothing I say  
Fade away  
My angel
