By this time tomorrow
You'll be gone
Gone so far away
That it's killing me
Tearing me apart

Walls are closing in on me
Taking my breath away
No light to guide my way
Is this really the end

Please tomorrow
Bring her back to me
A day without her is a wasted one
She's my savior
She's the one for me

At this time tomorrow
You'll be here
So close to me
You'll set me free
You wipe my tears away
You break the chains and bring the light back
With you my babe
You'll guide my way
Into a new day
Where we are one

She's my savior
She's the one for me
She's my savior
She's the one for me
She's my savior

Please tomorrow
Bring her back to me
A day without her is a wasted one
She's my savior
She's the one for me
