Music: P.Lindroos & Roni Korpas

Lyrics: P.Lindroos & K.Ranta

Again I see the shadows
crawling in my mind
I try run but I can't hide

This endless war inside me
has torn my heart apart
My minds vengeance will be so sweet

chorus:

Again I'm on the run
to kill the pain inside me
I am the one who cries
in the dark alone
Hearing voices,
I have to kill those evil memories
You don't know,
but you have to die beside me

chorus

The night is here and I'm close to you
there is a question for you to answer
Will you be with me forever
or will you die, just for me

I'm free 'cause you chose to die

but it won't change a thing
The fire in our souls
has died away
My heart is evil
and I have this lust to kill you
We are together in death
and so it shall be

chorus

solo: P.Lindroos

With my heart I see the flames again
they are there for me
With my evil memories
I burn in misery
I know there's a sorrow around you
but time will heal
I told you a lie
that I could never die

The night is here and I'm close to you
there's a question for you to answer
Will you be with me forever
or will you die, just for me
