1... 2... 3...

... it's my reality

I don't know what to do,
I don't know which shirt do I fit in;
Knowing what I want isn't enough;
Everyone say they know better

Now I have made up my mind;
Who will tear this place down?
I will,
Stop me if you can;
I'm the creator of this life I live

GO!

As the moment of sadness is dying, (dying)
I turn my back on what you say,
I make my own, my own reality; (my own reality)
Don't you tell me what I need to be;
When the sun comes up and sky falls down
I'll be glad for who I am, I'll be glad for who I am

Making my way through places I've never been

Is what I choose to do;
So sorry if it's not what had in mind!
If you choose to judge me,
I have a fucking secret for you -
Just go
Fuck yourself!

Don't get close,
Don't even try,
Don't bother me with your mind

GO!

Fuck!

As the moment of sadness is dying, (dying)

I turn my back on what you say,
I make my own, my own reality; (my own reality)
Don't you tell me what I need to be;
When the sun comes up and sky falls down
I'll be glad for who I am, I'll be glad for who I am

I'll be glad for who I am

WHO I am
