A couple nights ago I heard something I didn't want to know
And now I'm feeling so confused
Now I'm trying to figure out these mixed signals
you're sending
And what you're all about
Sometimes I feel like I just used

I feel stupid
I'm just wasting my time
If only somehow I could see through that gorgeous
smile and notice you're

Only just a tease
And this back and forth is killing me
Yeah you're only just a tease
Can someone try to help me please
I gotta get myself off of this leash
Yeah you're only just a tease.

And now regret is setting in and I'm wondering
what I'm doing chasing silly dreams
But for some reason I'm still here
Seen it a million times before and it never ends so
pretty
Love is such a war and I'll be fighting this for years

I feel stupid
I'm just wasting my time
If only somehow I could see through that
Gorgeous smile and notice you're

Only just a tease
And this back and forth is killing me
Yeah you're only just a tease
Can someone try to help me please
I gotta get myself off of this leash
Yeah you're only just a tease

Yeah you're only just a tease
And this back and forth is killing me
Yeah you're only just a tease

Can someone try to help me please
I gotta get myself off of this leash
Yeah youâ€™re only just a tease
Yeah youâ€™re only just a tease
Yeah youâ€™re only just a tease
Youâ€™re only just a tease
