Verse 1:

You were, someone I took interest
How did, you get up on the guest list?
Soon as, you moved through the entrance
Bond 9 fragrance and your YSL footprints,
I studied, you and your guy friends,
DÃ©jÃ vu like I had met you up in past tense
Kinda makes me wonder what your name is, people
taking pics so I know you kind of famous, smile
thatâ€™ ll drive a girl saneless, and his swag super
clean, stainless,
lâ€™ m tryna get to you, nesquick, milk chocolate skin,
smooth,
A good investment, looks like lonely who you came
with, but I know who you can leave with
seem like you got that fie, got you conceited
Well you got me charged up, boy I need it

Hook:

Oh my what have I done? (oh god)
No bullets left in the gun
Girl down, lâ€™ m on the run (woah)
I took her breathe away I took her breathe away

Verse 2:

Days pass, couple times we pass by,
Way lâ€™ m looking blind men saying hi,
Way lâ€™ m looking boyfriends saying bye,
Way lâ€™ m looking fat boys running miles
You never notice though,
After all my mani and my pedi, hair appointments and
the cardio,
Reading 17 mag, carrying a new bag, even put your
last name in my hashtag,
I took a picture of myself I took a picture of ya, I put
them two together, looking at the cutest couple, when I
be looking at you thinking I be seeing double, donâ€™ t
want nobody else peaking put you in a bubble, day
dreaming about the day you ask my name baby, then
the thunderstorm came purple rain baby, my prince,
sealed his lips, in a discrete kiss, with a unknown miss,
it was her, she was the reason I was missed ainâ€™ t it,

it was her, she was the reason, I was dissed aint it, he
was blind to my beauty and my booty cause he had a
little cutie, must have been up on her duty, blacked out,
when I came to, everybody looking at me, looking at
me, him too, tears in his eyes, gun in my palm, no life
in her body, oh my what have I doneâ€¦.took her
breathe away

Hook:

Oh my what have I done? (oh god)

No bullets left in the gun

Girl down, lâ€™™ m on the run (woah)

I took her breathe away I took her breathe away
