I knew something was wrong
That morning when I logged on to Facebook
Something about my profile seemed asked
I did my status updated, checked them newsfeed
items
And then it hit me

Yesterday I had forty-three friends, but today forty-two
Defriended
I miss your little face
It hurts to be deleted
Am I that easy to erase?
Defriended
I send you virtual sushit
I superpoked you endlessly
And now you set me free

Why did I raise my hopes?
I must have read three hundred of your posts
You always looked so happy in them photo-tags I see
Did you put your trust in that Google Plus?
Are you twiddling off a Tweet?
Is Friendster more of a friend to you than me?

Defriended
I miss your half-inch face
It hurts to be deleted
Am I that easy to erase?
Defriended
I send you virtual sushit
I superpoked you endlessly
And now you set me free

I could have had a Mafia War with you
We could have grown a Farmville or two
It's not me, it's not you, but after all we've been through
I'd even let you pet me in your petting zoo

Will you log on?
Will you log on?
If I refriend you, would you refriend me?
If I refriend you, would you refriend me?

Will you log on?

If I refriend you, would you refriend me?

If I refriend you, would you refriend me?

If I refriend you, would you refriend me?

If I refriend you, would you refriend me?

If I refriend you, would you refriend me?

If I refriend you, would you refriend me?
