[Verse 1:]

Hey baby here we are tonight
I can't hear you voice, the sound is too loud
It doesn't matter cuz we just came right here, to
Party like no one ever seen

Baby right now, join me on the floor
Raise your shot up, move a little more
This sensation, our hearts our racing
I bet you know how it ends tonight

[Hook:]

Pretty girls around the world
And you just shine even more and more
Turn off the lights, I still can see you
You're like a star I can reach

[Chorus:]

Can't be moving like this cuz I'll fall for you
Can't be moving like this cuz I'll fall for you
So baby come closer let's make this the best time of
our lives
Can't be moving like this cuz I'll fall for you, you

[Verse 2:]

Hey baby how you doing tonight
The way you move makes me stop to watch
So keep moving until the sun rises
We gonna hit the floor, we gonna bring the roof down

Baby right now, join me on the floor
Raise your shot up, move a little more
This sensation, our hearts our racing
I bet you know, how it ends tonight

[Hook:]

Pretty girls around the world
And you just shine even more and more
Turn off the lights, I still can see you
You're like a star I can reach

[Chorus:]

Can't be moving like this cuz I'll fall for you
Can't be moving like this cuz I'll fall for you
So baby come closer let's make this the best time of
our lives
Can't be moving like this cuz I'll fall for you, you

[Bridge:]

Take my hand and come with me now
Let's make this our night, come here, right now
Can't be moving (4X)

[Chorus:]

Can't be moving like this cuz I'll fall for you
Can't be moving like this cuz I'll fall for you
So baby come closer let's make this the best time of
our lives
Can't be moving like this cuz I'll fall for you, you
