A crazy twist of fate, can you feel the weight
Boy ya know I'm a real spine tingler
But don't think me a thing, a little piece of string
That you're gonna wrap around your finger

If you think you know me well
You'll find out
I'm a force of nature

I'm not so coy boy
I'm no boy toy
There's much more than you can see
These things together make me better
It's the elemental me
Fire, Ice
The elemental me
Sugar, Spice
The elemental me

Got the rules to your game & if you still wanna play
You should know, baby, I can beat ya
I know the tell of your bluff
Come on & give it up
Are you surprised baby
I can read ya?

If you think you know me well
You should know, I'm a force of nature

I'm not so coy boy
I'm no boy toy
There's much more than you can see
These things together make me better
It's the elemental me
Fire, Ice
The elemental me
Sugar, Spice
The elemental me

Don't throw it away
You can handle it babe
Don't you know what this girl is made of

Boy you better believe
Donâ€™t you underachieve
You will love what this girl is made of

Donâ€™t throw it away
You can handle it babe
Donâ€™t you know what this girl is made of
Boy you better believe
Donâ€™t you underachieve
You will love what this girl is made of

And when you know me well
You will know, Iâ€™m a force of nature

Iâ€™m not so coy boy
Iâ€™m no boy toy
Thereâ€™s much more than you can see
These things together make me better
Itâ€™s the elemental me
Iâ€™m not so coy boy
Iâ€™m no boy toy
Thereâ€™s much more than you can see
These things together make me better
Itâ€™s the elemental me
Fire, Ice
The elemental me
Sugar, Spice
The elemental me

Donâ€™t throw it away
You can handle it babe
The elemental me

Boy, you better believe
Donâ€™t you under achieve
