In the silence of my room
My emotions are running free & wild
Every time I think of you
I can see forever in my mind

But somewhere deep inside my soul
I'm just so afraid to let go

I won't jump right in
I won't give it all
I will run every time you call
I might lose control
If you touch me, oh
I know you wanna take me to heaven
But heaven's such a long way to fall
Oh baby, heaven's such a long way to fall

So afraid I'll fall too soon
I'm so scared that my heart will fly away
Like a star heading straight for the moon
But if I hold back tell me, will you stay?

In your eyes I see paradise
And it's ours if we just take our time

I won't jump right in
I won't give it all
I will run every time you call
I might lose control
If you touch me, oh
I know you wanna take me to heaven
But heaven's such a long way to fall
Oh baby, heaven's such a long way to fall

I feel so alone when I'm without you
You give me the strength that I need
Just don't walk away
Our love is worth the wait

I will jump right in
I will give it all
I won't run every time you call

I might lose control
If you touch me, oh
I know you wanna take me to heaven
But heaven's such a long way to fall
Oh baby, heaven's such a long way to fall
Heaven's such a long way to fall

Heaven's such a long way
It's such a long way
Heaven's such a long way to way to fall
Heaven's such a long way
It's such a long way
Heaven's such a long way to way to fall
Heaven's such a long way to fall
