I was walking down the street just the other day  
When I saw this girl pass my way  
She looked at me with tears in her eyes  
Then I suddenly realized  
She cries at night as she lays in bed  
While her dreams haunt her head  
They just won't go away

I was her & she was me  
Don't you know  
Can't you see  
That we all have dreams late at night  
I am you & you are me  
Don't tell me that you can't see  
That we all have  
Yes we all have  
A secret identity

All she wants is just to forget  
The pain he caused it took her breath  
The hurt it cut so deep inside  
She could never really hide  
With all the thoughts & all her fears  
Of past regrets throughout the years  
Its so hard to let go

I was her & she was me  
Don't you know  
Can't you see  
That we all have dreams late at night  
I am you & you are me  
Don't tell me that you can't see  
That we all have  
Yes we all have  
A secret identity

Dreams are something you can't see  
But they become reality  
She turned around & faced her fears  
Of past regret & the future years

I was her & she was me

Donâ€™t you know  
Canâ€™t you see  
That we all have dreams to change the world  
I am you & you are me / Donâ€™t tell me that you  
canâ€™t see  
That we all have / Yes we all have  
A secret identity
