"With You"

I'm a million miles away
And I'm thinking about you
And I think about the things you say & the things you
do
I'm lying here
Just waiting
To see you again

I'm surrounded by a million people & I still feel
alone
I wish that I was there with you instead of far from
home
You're the only one I want to see
You're the reason
I wanna go home

When I'm with you
I feel like I am going home
When I'm near you
I feel I finally belong
I can finally be myself again
I can let down my guard
I know I'm not alone when I'm with you

The way I am today is all because of you
I used to run I used to hide but that life today is through
And you're just a breath away
From me

When I'm with you
I feel like I am going home
When I'm near you
I feel I finally belong
I can finally be myself again I can let down my guard
I know I'm not alone when I'm with you

I feel protected & secure
Like nothing can go wrong
I'm safe
So safe
Cause I'm with you

When I'm with you
I feel like I am going home
When I'm near you
I feel I finally belong
I can finally be myself again I can let down all my
guards
I know I'm not alone when I'm with you
When I'm with you
