Ohhhhh Yeah

Summertime and it feels so right, kissed by the sun
and the sky

Sparks fly when he walks on by

Just like the fourth of July

He looks so beautiful, and my legs get weak when I
start to move, cuz my heart can't help what's going till
that DJ plays that summer love song

Yeah that summer love song (x3)

Spin that record round and round cuz I can't get
enough of that summer sound, let me hear that music
Turn the base way up and boom it, and play that record
till the sun goes down from the beach to my body turn
me underground, let me keep on grooving, put your
hands in the air and keep moving

So common baby sing along to that summer love song
Yeah that summer love song (x3)

Friday night and it feels so right, cold breeze in the
August sky, he's got me burning up, one look and I feel
so hot, he drives me crazy and I love it when he calls
me baby well dance to the stars in moonlight to that
summer song that just feels so right
Oh Baby!

Spin that record round and round cuz I can't get
enough of that summer sound, let me hear that music
Turn the base way up and boom it, and play that record
till the sun goes down from the beach to my body turn
me underground, let me keep on grooving, put your
hands in the air and keep moving
So common baby sing along to that summer love song
Yeah that summer love song (x3)

So baby take my hand you're all I ever need, we can
dance out in the sand watch the sunset by the sea, we
can shine just like the stars that burn for you and me
we can fall in love tonight (tonight)

Spin that record round and round cuz I can't get
enough of that summer sound, let me hear that music

Turn the base way up and boom it, and play that record
till the sun goes down from the beach to my body turn
me underground, let me keep on grooving, put your
hands in the air and keep moving
So common baby sing along to that summer love song
Yeah that summer love song(x3)
Spin that record round and round cuz I can't get
enough of that summer sound, let me hear that music
Turn the base way up and boom it, and play that record
till the sun goes down from the beach to my body turn
me underground, let me keep on grooving, put your
hands in the air and keep moving
