Been searching around the world  
For the perfect words to my melody  
I found you shining like the sun  
Way out on the edge of my galaxy

Baby come turn your light on me  
Baby come turn your light on me  
Baby come turn your light on - oh oh oh  
Baby come turn your light on me  
Cuz baby you got the fire I need  
Baby come turn your light on - oh oh oh

Chorus:  
But all I can do is wait  
All I can do is wait  
All I can do is wait  
For you to discover me

Now I know someone played your heart  
Made you shy to try somebody new  
Girl just let love- be your guiding star  
And when you're ready I'll be there for you

Baby come turn your light on me  
Baby come turn your light on me  
Baby come turn your light on - oh oh oh  
Cuz baby I got the love you need  
Baby come turn your light on - oh oh oh  
Baby come turn your light on - oh oh oh

Chorus:  
But all I can do is wait  
All I can do is wait  
All I can do is wait  
Cuz girl you're my destiny

Bridge:  
We shared a moment on the bleachers  
Ya drew a cupid on my sneaker sole - oh oh oh  
Now every time I see you smilin'  
I wanna kiss you like it's New Year's Day - hey hey hey

Chorus:

But all I can do is wait  
All I can do is wait  
All I can do is wait  
For you to discover me  
For you to discover me  
For you to discover me

All I can do is wait  
All I can do is wait  
All I can do is wait  
For you to discover me
