Work

Turn up!

Yeah! Yeah!

Work, work, work!

Yeah

Work, work, work, work!

Let keep it 300

ladies don't lie,

girl you know your main

I ain't bout that lie

you give your heart so don't let me take that and break
it break it

you see them other girls who still like the chasing
chasing

now I'ma keep it three hundred

and I ain't no height,

but it look like you, get so impatient

girl I ain't tryin' but all this deals just bring me down,
now you up in the club I show you girl what I'm about,
bout

All you need is a guy that will love you the long way

it could be you and I never know if you want it,

and baby I'll make it happen

and we can do all you ain't imagine

so baby imagine, yeah!

Yeah! Yeah!

Work, work, work, work!

Let keep it 300, thought your man on duice,

'cause when I look at you, I'm in your future,

you know that grass gonna be cleaner on that other
side

I'll have you finnin' like you started another lie,

baby what's your drink?

What you're tryin' to accomplish?

anything you need, I ain't none I promise

'cause you've been trying, trying, I got it what you're
working bout
now you up int he club, I'll show you girl what I'm about-
bout

All you need is a guy that will love you the long way
it could be you and I never know if you want it,
and baby I'll make it happen
and we can do all you ain't imagine
so baby imagine!

All you need is a guy that will love you the long way
it could be you and I never know if you want it,
and baby I'll make it happen
and we can do all you ain't imagine
so baby imagine!
